

DETROIT WON THE PENNANT

Defeated the Chicago White Sox, 7 to 0

DONOVAN WAS INVINCIBLE

New York Won Another Game from Boston and Is Still Creeping Toward Chicago in National League.

Chicago, Oct. 7.—Chicago used up three pitchers in a vain attempt to check the Detroit Tigers yesterday afternoon, but the latter would not be headed off, winning the game, 7 to 0, and with it the American league championship for 1908. White started to pitch for Chicago, but after McIntyre had singled Crawford doubled and Cobb tripled for two runs, he was sent to the stable, while big Walsh was substituted.

That was a bad ome for the big pitcher to pull out of, but he might have held the Tigers had there been perfect support. But the Chicago infield went to pieces, including Walsh himself. Rossmann, the next batter, hit to Isbell, who fumbled, and Cobb scored. Walsh then threw into the crowd trying to get Rossmann off first, the running going to second and scoring when Schaefer hit for a single. Thomas then hit to Tannehill, who fumbled. Walsh got a going then and Davis popped to the pitcher and Donovan fouled to the catcher. There were four runs, however—as insurance.

Montgomery lead as it turned out, with Wild Bill Donovan pitching the game of his life.

Donovan allowed but two hits, and but five men got first base during the whole game, two on singles and three on passes. In addition, Donovan struck out nine men. Chicago was simply helpless before him.

Meanwhile Walsh was having his troubles in the box and he retired after three innings. Detroit tallied once again in the second, mainly on two errors, one by Parent on a grounder and one by Isbell on a dropped thrown ball when Walsh tried to get Cobb off first. It was evident that Detroit had Walsh's measure, as the Tigers gathered two hits in the fourth, although no runs were forthcoming.

Smith was sent to the mound in the fifth to replace Walsh. That stopped the scoring until the ninth, when an error by Davis, singles by Bush and Crawford, a sacrifice by Cobb and Rossmann's out tallied two runs. Smith wound up the inning by striking out Schaefer.

The scores: RHE
Detroit.....4 10 0 0 0 0 2-7 12 0
Chicago.....0 0 0 0 0 0 0-0 2 6
Summary: earned run, Detroit 3; three-base hit, Cobb; two-base hit, Crawford; struck out, by Waite, by Walsh, by Smith, by Donovan 9; base on balls, by Donovan 3; sacrifice hit, Cobb.

Have You Ever Stopped to Think About Your Health?

Are you as well, strong and vigorous as you used to be?
Are you sometimes discouraged, and think you'll never be any better?
Can you tell the cause of your trouble or what makes you sick?
Do you know that about nine-tenths of all sickness is caused by kidney trouble?

Have you ever stopped to think that your kidneys may be the cause of your poor health?

Most people do not realize how much work the kidneys are required to do every day.
Every drop of blood in the body must pass through and be filtered by the kidneys thousands of times a day.
How can they do their work well if they are sick?

If your kidneys need treatment, Dr. Kilmor's Swamp-Root will prove to be just the medicine you need.

If you will write to Dr. Kilmor & Co., Binghamton, N. Y., every reader of this paper, who has not already tried Swamp-Root, the great kidney, liver and bladder remedy, may receive a sample bottle by mail, absolutely free.

We Hear of More Cures

Of troubles originating in impure blood, scrofula, loss of appetite, catarrh, rheumatism, by Hood's Sarsaparilla than by all other so-called remedies combined. Somehow those cured by Hood's seem to stay cured, and they gladly tell the good news to others.

Scrofula Sore.—My wife had a scrofula sore on her leg for years. Many different medicines gave but little benefit. She turned to Hood's Sarsaparilla and the sore quickly healed. It is a good blood medicine." J. N. Darr, Crosby, Texas.

Afflicted 16 Years.—Hood's Sarsaparilla has cured me of scrofula, with which I have been troubled 16 years, and caused by vaccination. My little daughter had a scrofula swelling on her neck and Hood's Sarsaparilla also cured her." Mrs. Nona Rogers, Hughes, Tennessee.

Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called Sarsatabs. 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

GIANTS ARE GAINING ON CHICAGO CUB

Defeated Boston Yesterday by the Score of 4 to 1, in a Well-played Game With the Winning Pitcher.

New York, Oct. 7.—For five innings Ferguson and the others of the Boston band staved off the Giants and defeat. Up to that time New York had secured but a single hit off their cast-off pitcher. In the sixth, however, they garnered three hits which netted them a single tally. Three more hits, together with a pass, a stolen base and a sacrifice, added three runs to New York's total and put the game beyond reach.

Wiltse pitched the ball for the Giants, keeping the six hits off him well scattered up to the ninth, when Becker batted safely after Seymour had dropped Ferguson's fly and Bates came up with a single, scoring the visitors' only run.

NEW YORK-CHICAGO GAME SEPT. 23 A TIE

Ruling of President Pulliam of National League Upheld by the Decision of the Board of Directors.

Cincinnati, Oct. 7.—The board of directors of the National league which has been in session since Monday afternoon considering the merits of the disputed game of September 23 between the Chicago and New York clubs, yesterday upheld President Harry C. Pulliam's ruling of a tie. This decision is final and neither Messrs. Brush nor Murphy can make appeal except to the courts. The game will be played over in New York, if the New York team so elects.

REV. DR. DRYER SUSPENDED.

Methodist Minister Found Guilty of Business Irregularity.

Rochester, N. Y., Oct. 6.—The General conference of the Methodist Episcopal church in the matter of the charges preferred against Rev. Dr. George H. Dryer, superintendent of the Central Methodist district, by the Western Methodist book concern, yesterday found him guilty of business irregularity constituting high imprudence and immoral conduct, and suspended him from his ministerial office until his obligations are met. The conference found that the charges of immorality and immoral conduct were not sustained.

SHELDON STILL COLLECTS

He Has No Intention of Resigning

THIS TO BE MADE CLEAR

In Authorized Statement—No Disagreement with Taft's Friends—Republican Treasurer Confers with the President.

New York, Oct. 7.—Treasurer George H. Sheldon was in Washington yesterday conferring with the president; he declares he has no intention of resigning and that he has had no disagreement with the president or any prominent friend of Candidate Taft.

Judge Taft is making a triumphal tour of Missouri and is being cordially received by Democrats as well as Republicans.

Colonel Bryan continues his agitation for publicity of campaign contributions before election and declares that Taft does not dare to meet the issue. Yesterday he made three speeches in Iowa.

Governor Haskell, still aroused, and not satisfied to drop his controversy with President Roosevelt, returns to the attack and asks the president to explain "the lease of the Osage Indian lands to a subsidiary company of the oil trust."

The Standard Oil company, through its counsel, issues a reply to the charges of former Attorney General Monnett of Ohio and asserts that there never was an attempt at bribery for the purpose of stopping suits in that state. In spite of this, Mr. Monnett repeats his charges and declares the statement of the oil company "a pack of malicious lies."

Senator Beveridge continues his spell-binding tour through the far West and at Seattle makes a strong speech in advocacy of a big navy, which he believes the best guaranty of peace.

ROOSEVELT TALKS OVER POLITICAL SITUATION

National Committee Treasurer G. R. Sheldon and Others in Conference with President.

Washington, Oct. 7.—The president had an important Republican conference at the White House yesterday. He invited as his guests at luncheon Charles R. Sheldon, treasurer of the Republican national committee, Charles S. Francis of Texas, ambassador to Austria-Hungary; John A. Stewart, president of the New York League of Republican Clubs, and the following members of his cabinet from New York, Secretaries Root, Cortelyou and Strauss.

John A. Stewart predicted that Bryan would have a plurality over Taft of 90,000 in greater New York. He estimated that Taft would lose from eight to ten votes in each election district from the vote given to Roosevelt in 1904. Hughes would lose three to four more in each district.

He estimated Taft's plurality in the state at from 50,000 to 85,000 and Gov. Hughes' from 35,000 to 50,000. Mr. Stewart, who is not working in harmony with the Republican national committee, makes reports directly to the president. He appears at the White House once a week and submits detailed statements of the progress of the campaign to President Roosevelt and Secretary Loeb.

Mr. Sheldon first spent half an hour with Secretary Loeb, who afterward declared that Mr. Sheldon was coming over from New York at the invitation of the president. Mr. Loeb announced that the purpose of Mr. Sheldon's visit was to talk over with the president the general political situation. Mr. Loeb said that a statement would be issued after Mr. Sheldon's conference with the president.

SHOW TRUSTS THE WISDOM FROM OBEYING LAW

"Should Be Punished When They Violate It; Government Should Enlarge Its Power of Scrutiny."

St. Louis, Oct. 7.—Mr. Taft arrived here a noon on his tour of Missouri and got an enthusiastic greeting. He said among other things:

"My idea is that the corporations that are tempted to violate the law, corporations having a capital beyond a certain figure, should be subject to federal scrutiny; that we ought to increase the number of inspectors; that we ought to require these corporations to file accounts of their business with the department of labor and commerce, so that it can easily be determined whenever there are flagrant violations of the law."

"With an increased force in the department of commerce we will not have to employ private counsel and shall have a bureau devoting its entire attention to seeing to it that these great corporations are not seeking to monopolize, but are only corporations for the lawful purpose of reducing the cost of production."

"In other words, what we ought to have is the regulation of these great plants so that they do not violate the law, but there should be full permission to them to go on and add to the output in the country, to increase our prosperity."

"And when they violate the law they ought to be punished for it. There is no reason why, if we increase the machinery of government in the directions which I have indicated, that we may not point out to them and show them by the severity and the consistency of our proceedings that it is wiser and more profitable for them to keep within the law."

HASKELL'S CRY HITS DEMOCRATS.

Oil Lease of Osage Indian Lands Approved by Hoke Smith.

Independence, Kan., Oct. 7.—Governor Charles N. Haskell of Oklahoma has de-

manded President Roosevelt that the Foster blanket oil lease of the Osage nation be revoked, holding it to be a Republican grant.

Governor Haskell will no doubt be surprised to learn that the original Foster lease, comprising the entire Osage nation, was approved by Secretary Hoke Smith of Georgia under the Democratic administration of Grover Cleveland, and was never questioned until Secretary Hitchcock, a Republican, characterized it as "the most scandalous act of the interior department ever perpetrated." Under Secretary Hitchcock the lease was reduced to cover only those lands upon which expenditures had been made in the search for oil.

BRYAN IN IOWA.

Tells His Hearers Republicans Fear Light on Campaign Funds.

Perry Iowa, Oct. 7.—William J. Bryan got a rousing reception on his arrival here yesterday, where he delivered the first of three scheduled speeches from the library steps to an immense crowd. During the day he will also speak at Tama and Cedar Rapids. In his remarks he attacked the Republican party for failing to make public its campaign contributions, and reiterated his charge that this was because they feared the light.

Enroute to this city he spoke at Valley Junction, Waukegan, Dallas Center, and Minburn.

TAFT-BRYAN A-B-C'S.

Alphabetical Order to Rule at To-day's Dinner.

Chicago, Oct. 7.—Four principal speakers at the great Taft-Bryan banquet of the Chicago Association of Commerce to-night are to be heard in alphabetical order. In this way the committee on arrangements yesterday solved the vexing problem of precedence. Officers of the association declared, however, that the arrangement was merely a coincidence.

The first speaker of the evening is Adolphus C. Bartlett, member of the deep waterways committee. Mr. Bryan will be the second speaker, David R. Forgan, former president of the association, will be next to speak briefly, and then Mr. Taft will be called upon by Toastmaster Richard C. Hall.

By this arrangement is expected by President Hall and other members that each speaker, or at any rate two of them, will receive applause in "equal measure."

PARKER CHALLENGES PRESIDENT

"I Gave it to Him," Says The Ex-Judge; "Now Let Him Reply."

Baltimore, Oct. 7.—"Well, it was coming to Roosevelt," said Ex-Judge Alton B. Parker today, "and I gave it to him. Now let him reply." Judge Parker referred to his attack on the president made in his speech here last night, when he accused the president of having tied up with E. H. Harriman and Standard Oil interests in the campaign of 1904, when he (Parker) was the Democratic candidate for president.

CHALLENGE FROM D. F. DAVIS

D. F. Davis is seeking the worst case of dyspepsia or constipation in Barre or vicinity to test Dr. Howard's new specific for the cure of those diseases.

In order to secure the quickest possible introduction Mr. Davis will sell a regular fifty cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of malacia and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well, and increase vigor. Joy and happiness will take the place of that "don't care whether I live or die" feeling.

Take advantage of D. F. Davis' challenge and secure a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund your money if it does not help you.

There is no need of suffering with constipation, dyspepsia or liver disease when you can get sixty doses of a scientific medicine for their cure like Dr. Howard's specific for the small sum of 25 cents.

AMERICAN FLEET SAILS FOR JAPAN ON FRIDAY

Plans Made For Its Departure From Manila—Cholera Conditions There Improvement Daily.

Manila, Oct. 7.—The battleship fleet will probably take its departure for Japan on Friday next.

The number of new cholera cases in Manila average eight a day. The disease is gradually diminishing.

Restored communication with the northern part of the island of Luzon discloses the fact that the typhoon which raged in this harbor last Sunday extended over a wide area and did considerable damage. The artillery barracks at Stensburg were destroyed by the storm and the troops are now camping in tents. The cavalry barracks were also badly damaged and the total loss at the post is estimated at \$36,000.

The schooners Lucia and Soledad were wrecked on the coast of Mindor and all the passengers and crew of the Soledad were drowned. Capt. J. C. Heinemann and nine members of the crew of the Lucia were also drowned.

Delayed reports from all sections show that the storm did damage in the area affected amounting to several hundred thousand dollars.

GO TO ATTEND THE THAW HEARING

Elder Mrs. Thaw, Countess of Yarmouth and Miss Ross, a Friend, White Plains.

White Plains, N. Y., Oct. 7.—Mrs. William Thaw, mother of Harry K. Thaw, just back from Europe, reached White Plains today and is occupying rooms at Ceylon Arms hotel. Mrs. Thaw has as companions her daughter, the Countess of Yarmouth, and a friend, Miss Gertrude Ross.

The Ceylon Arms is only a few blocks from the White Plains jail, where Mrs. Thaw's son, Harry K. Thaw, is now confined. It is understood that Mrs. Thaw and her daughter came here so as to be present on Oct. 12, when Justice Mills of the supreme court will hear testimony to decide whether Thaw is now sane or not.

It is reported that Mrs. Thaw and her daughter will be witnesses in behalf of Harry to try and prove that he is not insane. Lawyer Morsehauser arrived at White Plains early today, and after a long talk with Thaw, he visited Mrs. Thaw and her daughter and conferred over the testimony of experts to be given in the prisoner's behalf. It is reported that Mrs. Thaw will engage two of the best alienists in New York to prove that her son is not insane now.

RAILROAD BRIDGE BURNS.

Train on the Boston & Maine Delayed at Andover, N. H.

Andover, N. H., Oct. 7.—Traffic on the Concord division of the Boston & Maine railroad was somewhat delayed yesterday as a result of the burning of the railroad bridge over the Blackwater river, just east of the Andover station. It is supposed that the bridge, which was of wood was ignited by a spark from a locomotive. Trains from the north had to be held at this point, and specials were run from Concord to carry passengers from the other side of the bridge. This bridge, which was of the covered variety, has been the scene of a number of fatalities, several brakemen on freight trains having been struck by the upper part and killed.

CUT ACCEPTED.

Papermakers at Franklin Decide to Return to Work.

Franklin, N. H., Oct. 7.—The paper mills of the International Paper company in this town will start tomorrow on full time, all the men having voted yesterday to accept the five per cent cut down.

It is expected that the company will renew operations by starting the A mill, followed by the others later in the day.

The greater portion of the employees endorsed the agreement with the company made by their representatives in New York last month. The paper makers refused to return to work but took favorable action yesterday.

TO REPLACE PRES. TUTTLE

John F. Stevens' Name is Rumored

J. P. MORGAN & CONTROL

The Boston and Maine Railroad Situation Is Tense—Mr. Tuttle Says Resignation Is All News to Him.

Boston, Oct. 7.—Rumor has been busy with the name of President Lucius Tuttle of the Boston & Maine railroad this week, intimating that his resignation from the head of the big property that he has so long managed was only a question of a short time. Today there was added to this report the statement was called to the attention of Mr. Tuttle himself, however, his only comment was:

"Well, that's news to me. I haven't heard a thing about it."

In financial circles it has been said for some time that the outcome of the activity of the New Haven interests to secure control of the Boston & Maine stock would be a new man in the place of President Tuttle, and that the new man would be named by President Mellen of the New Haven or somebody higher up.

It is now pretty certain that if Mr. Mellen does any naming, it will be at the dictation of somebody considerably above himself in railroad matters, for there is no longer much doubt that the capitalists really behind the scenes in the New Haven's aggressive moves on the Boston & Maine were J. P. Morgan & company. They are today said to be back of John L. Billard in the holding of the so-called New Haven bills.

The present street lighting schedule in Boston is the result of actual experiment and investigation by city officials and the officials of the old Boston Electric Light company. It was claimed that a full appreciation of these points would result in appreciable saving for many towns on their street lighting bills.

"Structural Difficulties in Installation Work," by James H. Strong, an "Architecture and Illumination," by Emile G. Perrot, pointed out the difficulties encountered in attempts to make general schemes of illumination fit specific needs of changing tenants and changes in the buildings themselves. Mr. Perrot emphasized the importance of co-operation between scientific illuminating engineers, architects and builders.
